2018 Winter Beach Volleyball Academy Training

CRC Beach Volleyball Academy winter training will be following the same format as our spring, summer & fall training sessions. We will be training individual and team skills and strategies for competition in AAU & CBVA age group competition. Training will be divided by ability groups when necessary. Breaks will be provided for sun block reapplying, water, and snack breaks.

Camper will be required to sign in at CRC front desk and receive a stamp on their wrist; non-CRC members will require sign a waiver each time. Non-members will be required to leave the CRC facilities following completion of the instructional session. All session will be led by JJ Mitchell, director of CRC Beach Volleyball Academy.
